Brief Introduction

NG-D500 is a video doorbell for home security which always keeps an eye at your front door. No matter where you are, you can see visitors in clear view during the day or night, and greet them via mobile app of NGTeco Home. Get notified when motion is detected and receive a call on your phone when your doorbell is pressed. A built-in microphone and speaker enable two-way talk with audio.

With the all-in-one smart home application of [NGTeco Home](#), you can realize various of powerful and useful functions such as motion detection, HD live video or even review the activity with local or cloud storage if needed.

NG-D500 will perfectly suitable for apartment, condo or villa.

Features
